

Camping Information

Location: Aqualand Campground
Sister Bay, Wisconsin

Directions: Aqualand Campground is on Hwy Q, just off of Hwy 57. From Ephraim, take Hwy Q out of town to the east for 2 miles. You will have to make a stop at Hwy 57. Then continue straight across and the campground is about $\frac{1}{4}$ mile on the right.

Reservations: **The group site is reserved from Thursday afternoon July 2 to Monday morning July 6, 2009.**
No reservations are needed. We have a large group site reserved for our **registered sailors and their families.** We have an area for the people that have tents to set up. And next to that we have an area for anyone that has large vehicles and or trailers/campers to park. If you need to have electricity, I would recommend for you to reserve you own personal site. (We do not have access to electrical hookup at the group site).

Fee for regatta registered sailors and families:

The camping fees at the group site are \$8.00 per adult per night. Kids are free. The camping fees are collected by the race committee at registration.

Fee for non-registered sailors and families:

The camping fees at the group site are \$12.00 per adult per night. Kids are free. The camping fees are collected by the race committee at registration.

Special Notice: Seasonal residents occupy the majority of the campground. There are also children around. It is very important that we keep our speed reduced to 5 mph while driving through the campground. The rules are strictly enforced and we support the management of the campground for any campers that are discharged from the grounds
